## SUPERINTENDENT OF SCHOOLS

Congratulations and best wishes to the Class of 1984. Your years at the Beach High School have provided you with a strong, firm foundation to perform as outstanding citizens in our society. Hopefully, each one of you will dedicate your adult lives to accomplishing your very best on a daily basis. Unselfishly reach out to help other people.

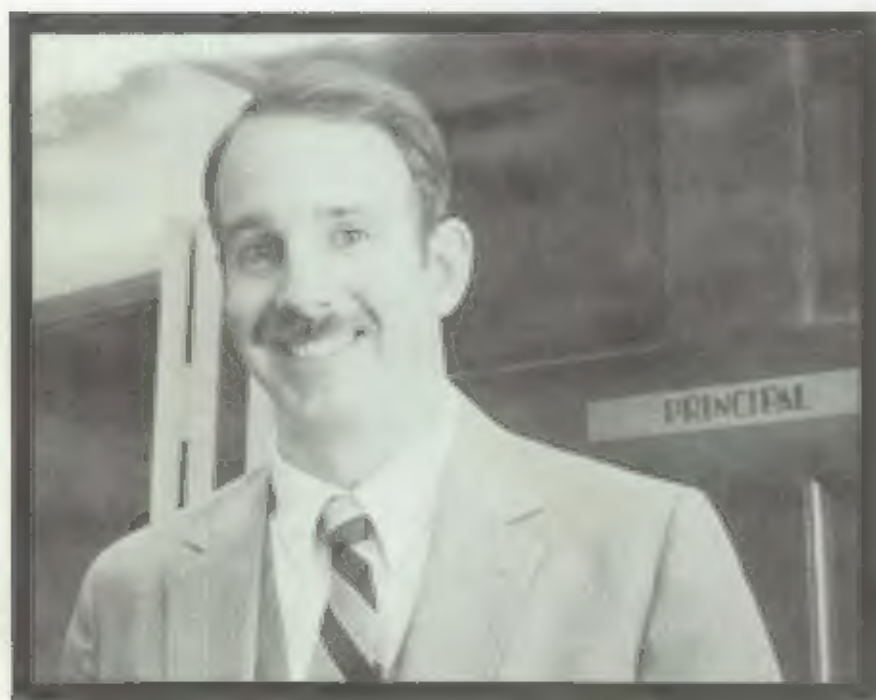

It has been a pleasure to have been associated with the members of the Class of 1984 and I have great expectations for all of you. Our staff has worked diligently to provide you with the necessary tools to function in a democracy. Use the abilities that you have to the fullest. As you continue to mature, draw on the strengths that you have gained during adolescence here.

Thank you for your positive impact on our high school during your years here, and every good wish for success and happiness.

## PRINCIPAL

I have only had a few months to observe the Class of 1984 and have been very impressed already. As a group you have succeeded in academics, sports, service, and activities. Congratulations on your achievements and graduation from high school; you have every reason to be proud.

In recent months the trend has been for people to knock public education and the value of a high school diploma. In many cases the criticism is valid. It is important to me however that you don't confuse the national situation with the quality of the education you have received. You are graduating from a school with a tough curriculum, high standards, a superb faculty, and a solid reputation. It is our job to keep it that way for your successors. It is your job to use what the community has given you so that you can continue to be proud of yourself and make us proud.

*Francis Crowley*

## DIRECTOR OF STUDENT SERVICES

Your high school years, I hope, have been filled with significant, meaningful experiences, and the future holds further exciting rites of passage. On entering high school, you were challenged to get involved so that your years here would be interesting and fulfilling. As you leave, accept the same challenge and continue to have rich, full, and useful lives.

## DEDICATION

A teacher affects eternity, he can never tell where his influence stops. Henry Brooks Adams

It is common sense that tells us what is worthy of remembrance in high school, those things that are most precious and everlasting in our memories. To many of us here at Point Pleasant Beach High School some of the strongest memories will be of the people that have become important to us. None will ever be more worthy of remembrance than our English IV teacher, Mr. Gene Ward.

Mr. Ward is many things to many people, a thorough description of all his attributes is impossible. He is a teacher and student of life, a leader and follower, a source of inspiration to all and a source of disappointment to none.

Mr. Ward's appreciation of the need to develop a student's character and confidence in addition to his academic skills enables him to aid in the growth of mature, self-assured capable young adults.

Perhaps Mr. Ward's greatest attributes are his respect for others and his undying devotion to all that he does. Whether he is Mr. Ward the English IV teacher and National Honor Society Advisor or Gene Ward the husband, father and friend, his desire to help and please others is limitless.

For the many hours, days, weeks and years, the joys, sorrows and dreams, and all the tears and smiles you have shared with us, we thank you. To you Mr. Ward we dedicate our precious ever-lasting memories. You will always be one of them.

# WHO ARE YOU WHICH CATEGORY DO YOU FALL INTO?

The Image has been around for decades, although the word "Preppy" was first introduced to us by Eric Segal in the heartwarming book "Love Story" in 1970. This year's best seller list included "The Official Preppy Handbook", a complete guide to dressing and acting preppy without ever attending an Ivy League school or getting one's Topsiders wet at the yacht club. As did many things in the nation this year, fashion got back to basics.

The preppy look is what today's fashion conscious men and

women are wearing; some don't realize it is the look that fashion unconscious men and women have been wearing for years. Somewhat of a rebellion to label-consciousness, Preppies don't need a designer because they already have good taste in clothing. Men and women dress very much alike and clothing for either sex denies specifics of gender. Primary colors and pastels are worn indiscriminately by both sexes. The wearing of pink and kelly green together is the surest way to pick out any true preppy in any crowd.

A subgroup of Preppies are connoisseurs of New Wave. Some of them simply read the music columns in the So Ho Weekly News on the bus on the way to school for shock value, and some just like to dance to New Wave music. But there are serious Prep-New Wave types who would dye their hair blue and pierce their ear if they weren't on the school wrestling team, and who would spend their weekends in Alphabet City

(Avenues A, B, C, and D) on the Lower East Side of New York City wearing oversized hand-painted T-shirts and red sneakers, prowling through thrift stores searching for thin-labeled jackets and harlequin sunglasses. They know not only all of the clubs, but also the groups, and can tell you everything about how Culture Club or Madonna sounded at their last concert
